the Birnetallic League a declaration issued popular, of the long series of artists produced and statement of accounts having been in your by the Council of that body on the present by Nippon. The collection has, I am informed; hands for some time we will with your permisposition of the silver question. The object with the aid of the well-known Parisian con- information regarding the position of the comof the declaration is to remove an impression noissenr and dealer Monsieur S. Bing Hokusai's pany is so very fully detailed in the report that trade as much as a rapid fall.

basis. If free coinage were adopted by America, the countries of the Latin Union would follow suit, and other European nations would, there is good reason to believe, be induced to take similar action. The advantages to submit their proposals in reference to the cele commerce would be incalculable. As the Council of the Bimetallic League point out in their declaration, whenever the London money market is distressed and perplexed by the withdrawal of even small quantities of board the steamer on the 26th inst. to repair gold, and by apprehensions as to further demands, coupled with serious doubts as to the sufficiency of future supplies of that metal, the necessity of fixing an international ratio between gold and silver so vious convictions, was sentenced to six months as to make both metals available for bank reserves becomes strikingly apparent. In times of such pressure as has recently been experienced at home the international monetisation of silver would make available plating extensive operations and have already the reserves of that metal held in India and issued experimental policies amongst the Chi elsewhere. While the London market has been in a panic, the French trader, thanks | risky business than they imagine. Apart from has been able to discount his bills at 3 per generally prevailing in China will, we presume cent. The adoption of bimetallism would, dium of exchange for her trade with India and the Far East, the expansion of which and silver.

In another column will be found an article them. from the Whitehall Review on the suppression Our New Factory has been recently relitted of scoret societies in the Straits Settlements. 1890 was undoubtedly a very bold measure. and so far it has worked with perfect pressing the societies would have been much more difficult one; but by registration the Government got them under control, and, in forming a collection for a museum, and who work and, as I have already said, at first having done so, suppression followed as the the islands of the Caroling Group, is at present think we have got over our difficulties now and next step in natural sequence. Care will staying at the Victoria Hotel. He has brought at the end of next year we hope to be able to have to be exercised to prevent the cvil lifting its head again, but it is more than tained from the aborigines of the Pelley Islands | The meeting then terminated. possible that the members of the suppressed and of Yap. They include native dresses, pret-SELTZER WATER societies, having felt the power of the Government, may not think it worth while to for their primitive simplicity. There are try to resuscitate those bodies, especially several specimens of stone mousy, ornde seeing that the funds they had accumulated large piece which makes one think that if any bave been diverted to other purposes and that of the natives are wealthy or comparatively to they cannot regain control over them.

NEW TALES.

NORMOUS SUCCESS having attended the publication in the columns of the Doily Press for some years past of Original Tales by the best writers of fiction in the English Language, they will be continued regularly.

Arrangements are being made for the publication of a novel to run for about rix months, but

as it will not commence for some weeks yet, we have, to fill up the interval, purchased the right of original publication of a thrilling story, entitled "BY MUTUAL CONSENT."
